

STAY AHEAD OF THE GAME-REINVEST

At Forest City Gear, we believe in utilizing the newest and most advanced machinery possible.

Forest City Gear's commitment to reinvesting allows me to move jobs through my department faster while freeing up time and space. Our new MZ 130 was on the floor the last quarter of 2008.

The thought of one machine replacing two worried me at first, but it didn't take long to convince me it was the right move. This user friendly machine allows more setups and increased production with greater quality than the two older and smaller hobbing machines it replaced. My job is a whole lot easier.”
